Werner®'s Technology Power:

VISIBILITY, SAFETY, SECURITY AND SELF-SERVICE AT YOUR FINGERTIPS

At Werner, technology isn't just an enhancement—it's your competitive edge. Through **Werner EDGE,®** our technology arm, we provide **customer-facing, interactive solutions** that optimize transportation and logistics operations. Our **'Cloud First, Cloud Now'** strategy ensures a **secure, scalable and cutting-edge** digital infrastructure, making it easy for you to access critical insights, streamline operations and enhance decision-making.

TECHNOLOGY YOU CAN USE—REAL TOOLS FOR REAL IMPACT

VISIBILITY & REAL-TIME TRACKING:

- **Shipment Tracking Reports:** Get live updates on your freight with our IoT sensors and advanced telematics from Platform Science.

- **Geofencing & Notifications:** Automated alerts when your cargo reaches key points.

- **Fleet Monitoring Dashboards:** Access up-to-the-minute data on truck and trailer locations.

- **Real-Time Performance Insights:** Tractors update every five minutes, trailers every 15 minutes when powered, ensuring continuous visibility.

SAFETY & SECURITY YOU CAN TRUST:

- **AI-Powered Safety Systems:** Samsara cameras, collision mitigation, and real-time event monitoring help protect your cargo and drivers.

- **Cybersecurity Excellence:** Werner follows the NIST Cybersecurity Framework with multi-layered defenses, including Google Security Operations SIEM/SOAR, MFA, advanced behavior detection and real-time threat monitoring.

- **Cargo & Data Protection:** Cutting-edge encryption and compliance with top industry security standards ensure your freight and sensitive data are secure.

SELF-SERVICE & DATA INTEGRATION:

- **On-Demand Reports:**
  - Shipment tracking & performance reports
  - Efficiency & productivity reports
  - Financial & billing reports
  - Compliance & safety reports

- **Flexible Data Access:** Whether you need EDI, API, Snowflake data shares or custom reports, we deliver insights in the format that works for you.

- **Automated Workflows & AI-Driven Decision Making:** Optimized operations through an API-first approach for seamless platform integrations.

INNOVATION THAT MOVES YOU FORWARD:

- **Autonomous Vehicle Testing:** Testing and validating technology with Torc, Kodiak and Aurora to explore the future of transportation and logistics.

- **Fleet Defender Security:** Real-time anomaly detection protecting internet-connected fleet devices.

- **AI & Predictive Analytics:** Enhancing operational efficiency and customer experience.

WHY WERNER?
TECHNOLOGY BUILT TO BENEFIT YOU.

Our blend of **cutting-edge technology** and **human expertise** makes doing business with Werner **easy, efficient and secure.** With self-service capabilities, next-level visibility, and unparalleled safety and cybersecurity, we don't just keep up—we lead.
